Centennial Celebration Issue

Celebrating 100 Years of Dedication

Photos by Drew Shonka Photography

Hundreds of area residents of all ages, retired employees, and current staff gathered at the Kilian Meyer Building in Richland Center on September 15 to celebrate the centennial of The Richland Hospital and Clinics.

“We’re incredibly proud of reaching this milestone, and excited to celebrate our centennial with the community. As a nonprofit entity, we belong to the people of the Richland County area and are here to serve them.” – CEO Bruce Roesler

The weather was perfect for outdoor festivities and the corresponding 5K walk/run organized by members of the TRHC Wellness Team. The event included live music, free food, and speakers commemorating the organization's milestone. Lawn games, a visual timeline, photo montages of hospital employees from the past, and cupcakes created a festive atmosphere. More than 100 people participated in the 5K.

"We were excited to offer an active way to be involved with our celebration. We know movement is a key to health, so it was a fitting way to celebrate." –Savanah Tydrich, TRHC employee who leads the Wellness Team

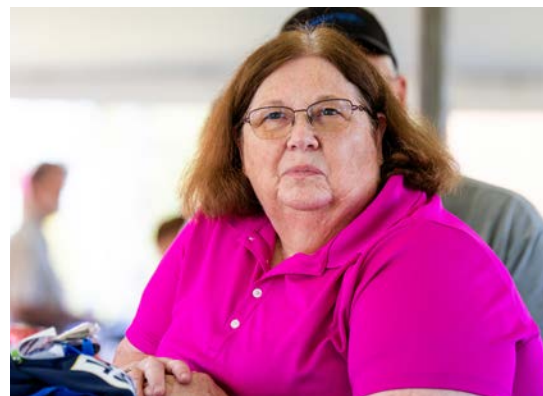

Speakers included long-time hospital employee and former Chief Nursing Officer Cindy Hanold; Executive Director of Rural Wisconsin Health Cooperative Tim Size; Dr. Neil Bard; and John Annear, who currently serves as Chairperson of TRHC's Board of Directors.

Tim Size shared a broad perspective on the future of rural health in the state. By 2035, it's estimated that the statewide health care workforce will face a 20% shortage.

"It's crucial that we help young people visualize how important, how joyful a career in health care can be." –Tim Size

WE'RE 100!

The day's final speaker was John Annear. He spoke directly to hospital employees, past and present:
"You may not always realize how impactful your work is to patients and families, but your work is noble work."

CELEBRATING 100 YEARS
THE RICHLAND HOSPITAL
and Clinics

The Richland Hospital Foundation

We appreciate your generous support!

As we begin a new year, we want to express our heartfelt gratitude for the Richland County and surrounding community's support of The Richland Hospital Foundation. Thanks to your generosity, we've made a lasting difference in our community. For instance, the nineteen health care scholarships we provided to local students have enabled them to pursue their dreams of becoming health care professionals, and the upgraded equipment in our urgent care, birth center, and pharmacy has improved patient care and safety. These improvements are ensuring access to quality healthcare.

As we look ahead this year, we want to invite you to continue being a part of our journey. Please consider making a tax-deductible gift to The Richland Hospital Foundation. Your support is crucial and allows us to continue meeting the health care needs of the surrounding communities.

To learn more about the impact of your giving or about our legacy giving options, which include bequests, charitable gift

annuities, and charitable remainder trusts, contact me directly at 608.647.1847 or angie.coenen@richlandhospital.com.

Thank you for helping keep health care vital in our community. We couldn't do it without you!

Happy New Year!

Angie Coenen

Partners of The Richland Hospital & Clinics

Former TRHC employees Marilyn Rinehart (L) and Cindy Chicker (R) continue service to the organization as volunteers.

As The Richland Hospital and Clinics heads into its next 100 years, the Partners organization will continue to work alongside hospital staff and administration to assist wherever and however possible. During 2024, we participated in planning for the TRHC Centennial Celebration, purchased a piece of equipment to help with patient transport, and awarded several scholarships to very deserving applicants. In addition, Partners provided some start-up funding to bring back the Club Scrub Program, and continues to provide several volunteers who serve at the information desk in the hospital lobby and staff The Lobby Shoppe. All told, Partners members have provided more than 1500 hours of voluntary service for 2024!

Want to help? We'd love to have you! Contact Sarah Stibbe, TRHC volunteer coordinator, for more information about Partners, or stop in the Lobby Shoppe for a visit.
